ARE YOU DEAF? ANY HEAD NOISES?
DEAFNESS OR HARD HEARING ARE NOW CURABLE
by our new invention. Only those born deaf are incurable.
HEAD NOISES CEASE IMMEDIATELY.
F. A. WERMAN, OF BALTIMORE, SAYS:
"I have been entirely cured of deafness, thanks to your treatment. I will now give you a full history of my case, to be used at your discretion.
About five years ago my right ear began to ring, and this kept on getting worse, until I had no hearing in this ear entirely.
I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that an operation could help me, and even that only temporarily, that the head noises would remain, but the hearing in the affected ear would be lost forever.
After I had used it only a few days according to your directions, the noises ceased, and after five weeks, my hearing in the diseased ear has been entirely restored. I thank you very truly yours."
F. A. WERMAN, 720 S. Broadway, Baltimore, Md.
Our treatment does not interfere with your usual occupation.

TEMPERANCE COLUMN
Conducted by the W. C. T. U.
A report comes from St. Louis the directors of the great fair at that place have decided to have no "Midway" We trust this is true.

It is gratifying to state Gen Miles is a total abstainer. He says "I have a grown up son and he will drink if I do."
The Gov. of Kansas says he will pardon all the women in the state penitentiary unless a suitable reformatory is provided.
Mrs. Helen Gongar.

At the court house in Carthage last Thursday. She and her husband spent last winter in New Zealand and says it's a country of "No tramps and no trusts a free speech and a free ballot." We have something to learn of its government.

She talked of the American saloon, its power and influence on our government. "The National Liquor Dealer's Protective Association, an institution of anarchy lawlessness who backs the joints in Kansas so they can boldly pay their fines and keep open. A poor horse thief is caught and punished but a saloon keeper can sell to minors or drunkards and keep open Sunday's and all night and nothing is done, etc. etc."

On the caution question she says the government demands our best, healthy, strong, young men for its army, and the mothers of America have the right to say whether the government should furnish these boys whom they have cared for so many years with intoxicants.
Every person is a trinity, a mental, moral and physical being and as such should be equally educated.

Schools was a saloon degenerate rather than an anarchist, had not been educated mentally morally or physically and killed our President McKinley because he would not give him work and he was not fitted for work but the saloon business.

Booth was crazed with liquor imbibed in Sorat's saloon when he killed Lincoln. Guiteau was the offspring of drinking parents and an idiot.

We call ourselves a Christian nation an should hang our heads in shame when we think of the mob laws and human beings burned alive and nobody punished. She believed in law enforcement and if we have a poor law the enforcement of it would cause it to be amended. She hoped the day would come when the American flag would not float over a saloon or a place of vice. (Cheers.)
